A CLEAN MAN.

Outside cleanliness is less than half the battle. A man may scrub himself a dozen times a day, and still be unclean. Good health means cleanliness not only outside, but inside. It means a clean stomach, clean bowels, clean blood, a clean liver, and new, clean, healthy tissues and fibers in every organ of the body. The man who is clean in this way will look it and act it. He will work with energy and think clean, clear, healthy thoughts.

He will never be troubled with liver, lung, stomach or blood disorders. Dyspepsia and indigestion originate in unclean stomachs. Blood diseases are found where there is unclean blood.

Consumption and bronchitis mean unclean lungs. Dr. Pierce's Golden Medical Discovery prevents these diseases. It makes a man's insides clean and healthy. It cleans the digestive organs, makes pure, clean blood, and clean, healthy flesh. It doesn't make the flabby fat of corpulency, but the firm flesh of health. It restores tone to the nervous system, and cures nervous exhaustion and prostration. It contains no alcohol to inebriate or create craving for injurious stimulants.

Mr. John L. Coughenour, of Glen Savage, Somerset Co., Pa., writes: "My appetite was unusually poor, and I was as weak and nervous as though I had been starved for months. My heart kept throbbing continually and I was short of breath. Finally I wrote to you for advice and you informed me that I had indigestion and a torpid liver. I did not think your diagnosis was right, but I ordered six bottles of 'Golden Medical Discovery' from you and began its use. After using three bottles I began to improve slowly and soon went to work, and I have been working ever since."

Constipation is the most unclean uncleanliness. Dr. Pierce's Pleasant Pellets cure it. They never gripe.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere,—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

E. S. Leadbeater & Sons, Special Agents.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size. | Prepared at the Laboratory of E. C. DeWitt & Co., Chicago, U.S.A.

Witte Interviewed.

The Paris Matin published yesterday an interview one of its correspondents had with M. Witte. In it Witte explains how the Japanese made their volte face in respect to their demand for an indemnity. Witte said he noticed after his arrival in the United States a sudden change in American opinion in favor of Russia, and took into account the advantage which he might derive from American popular opinion in attaining the object he had in view.

In order to accentuate this movement of opinion he resolved to yield quickly on all demands of Japan that appeared just, so as eventually to place the negotiations on the sole basis of indemnity. He was then able to invoke principles of humanity, and leave with Japan the responsibility of shedding more blood for a question of money alone. The American press took the same standpoint, and reproached Japan for her want of disinterestedness.

President Roosevelt was moved. He appealed to Baron Kaneko and made him cognizant of what was going on, and warned him that his country need no longer rely upon the support of America if she persisted in continuing the war on the sole question of money.

Kaneko immediately cabled to Japan in dismay, and the Mikado's government made a volte face.

Said Witte: "It was time indeed. On two separate occasions I was advised by telegraph to start for home soon as possible and break off negotiations. The first time I replied, requesting a short grace, in order not to appear to be acting hastily. August 28, on the eve of the supreme sitting of the conference, a second cablegram reached me. To this I replied. 'I have done with war. This time, it is peace.'"

Miss Roosevelt in Seoul.

Through streets of Seoul crowded with white-robed Koreans and lined by the imperial bodyguard standing at "present arms," Miss Alice Roosevelt, riding in the imperial yellow palanquin, yesterday evening triumphantly progressed from the railroad station to the American Legation. The roadways had been freshly paved and the shops draped with Korean and hastily hand-painted American flags.

Miss Roosevelt, Rear Admiral Train, Senator and Mrs. Newlands, the Misses Boardman and McMillin and Congressmen Longworth and Gillette arrived at Chemulpo yesterday afternoon. American Minister Morgan and staff and a number of high Koreans greeted the party, which proceeded to Seoul by a special train. The imperial car, which is only furnished to royalty, was placed at Miss Roosevelt's disposal.

The court chamberlain met the party at a half-way station on behalf of the Emperor, with inquiries as to Miss Roosevelt's health.

On arrival at Seoul the party was hailed by a Korean band, which played the "Star-spangled Banner." Korean policemen and Japanese gendarmes guarded the roadway, and grotesquely clad retainers bore long lanterns. The passage of the party along the streets was everywhere heralded by the bugles of troops.

Miss Roosevelt and Mrs. Newlands are guests of the American Minister, and the rest of the party are staying at the imperial palace.

Will Not Grant Demands.

One of the biggest coal operators in the Scranton, Pa., region, who has just come from Philadelphia, where he had a conference with President Baer, of the Reading, yesterday declared, unhesitatingly and for publication, that the operators will not, under any consideration, grant the demand of the mine-workers for an eight-hour day, and that they propose to agree only that the present agreement shall be continued.

Announcement to this effect will be made, he said, after the miners hold their convention in Shamokin, December 14.

"An eight-hour day," the operator continued, "would be equivalent to a 12 per cent. increase of the miners' wages. If we granted that it would be necessary for us to raise the price of coal, and the public would not stand for that. We are willing, however, to readopt the present agreement with the miners, perhaps with some modifications that can be mutually decided upon.

"I was speaking to President Baer the other day. He said that nothing would be done until the miners finally formulate their demands at the Shamokin convention on December 14, and present them to us for our consideration. The operators will not entertain the eight-hour day proposition; that is a certainty."

Another Crisis

Another crisis has arisen in the negotiations between France and Germany relative to the Moroccan conference. This has resulted in a suspension of the meetings between Dr. Rosen and M. Revoil, respectively the special plenipotentiaries of Germany and France. Their last meeting occurred three days ago, and there is no present sign of the resumption of their conferences. Dr. Rosen in the meantime is seeking instructions from Berlin, but the extended delay begins to excite apprehension in official quarters that Germany will not yield upon points which France considers essential. Both sides show anxiety, and the strain promises to seriously affect the bourse.

The foreign office, however, continues to view the situation as being susceptible of adjustment, and specifically denies the alarmist report in a French newspaper that the German demands include the port of Mogador, upon the Atlantic coast of Morocco.

Ask Your Grocer For It.

What is a "Razzle Dazzle?" Something new to amuse old and young--a very ingenious novelty that we will give away Friday, September 22d, for five labels from Corby's Mother's Bread. Don't fail to tell your grocer to save one for you.

Corby's Mother's Bread is 5 Cents a Loaf.

It's the best bread in the world--the purest, cleanest, highest grade bread. Best for children; best for grown folks. Recent tests of different breads offered for sale in Alexandria have been made with the result that many contain 30, 53, 77 and 150 per cent more acidity than normal.

The Same Tests Made of Corby's Mother's Bread

have shown in every instance that the completed product contains only the normal amount of acidity as contained in the raw ingredients before making them up.

THERE IS NO MORE FORCIBLE ARGUMENT IN FAVOR OF CORBY'S MOTHER'S BREAD

For everybody must acknowledge that the excess of acidity in these other breads must be injurious to the delicate tissues of the stomach.

CORBY'S MOTHER'S BREAD is a perfect bread--scientifically made--perfectly developed--perfectly fermented and even more nutritious than meat.

HOT BREAD FOR EVERY MEAL.

Our wagons call at your grocer's just before Breakfast, Lunch and Dinner to supply Hot Bread right from the oven for every meal.

The Colonel's Waterloo.

Colonel John M. Fuller, of Honey Grove, Texas, nearly met his Waterloo, from Liver and Kidney trouble. In a recent letter he says, "I was nearly dead, of these complaints, and, although I tried my family doctor, he did me no good; so I got a 50c bottle of your great Electric Bitters, which cured me. I consider them the best medicine on earth, and thank God who gave you the knowledge to make them." Sold, and guaranteed to cure Dyspepsia, Billiousness and Kidney Disease, by E. S. Leadbeater & Sons, druggists, at 50c a bottle.

A Laxative Cough Syrup.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup whooping coughs, La Grippe, bronchitis, etc. Sold by W. F. Creighton & Co., 401 King street.

WEDNESDAY EVENING, SEP. 20, 1905.

PRESIDENT PAUL MORTON, of the Equitable Life Assurance Society, yesterday flatly repudiated the "Turner loan" claim of the Mercantile Trust Company, and demanded the repayment of $718,264, which was paid out by the former management of the Equitable in connection with these loans. At the same time Mr. Morton announced that the Equitable had disclaimed responsibility for a loan of $685,000, which the Mercantile Trust Company intended to charge against the society. This is the famous "yellow dog" fund, which has never been fully explained, but which, according to rumors, represents the amount of the Equitable political contributions under the former management. In the Equitable books this loan appeared as "J. W. A. account No. 3." Mr. Morton says he has learned that individuals have taken up this "yellow dog" loan, but that he has found that the Equitable paid $265,000 on it, and he has instructed counsel to begin proceedings for the recovery of this amount of money with interest. Mr. Morton should urge his counsel to speedy action and see that all the facts in those nefarious cases are laid bare.

JUST BEFORE the last presidential election Judge Parker made an impassioned speech against the extortion of money from corporations for campaign purposes by the republican party. The President regarded this as a personal attack upon himself and his friend Cortelyou, and made a very angry and intemperate retort. The testimony of Mr. Perkins in the insurance investigation in New York and the stories that have come since from the packing house district of Chicago show that the judge knew what he was talking about and the President did not. The Springfield Republican suggests that one of the best ways to take the curse off of the disclosures of life insurance company contributions to the republican campaign fund at the last presidential election would be a manly apology on the part of President Roosevelt to Judge Parker. The Philadelphia Record says: "Such action would go far to convince his countrymen of his sincerity in his efforts to curb the power and compel the honest management of the trusts and other great corporations."

MR. W. L. ROYALL has retired from all connection with the primary election irregularities in Richmond, for which some half-dozen or more persons have been indicted. He has "thrown down his hand," so to speak, and will let things take their course. He says he has not received proper support, encouragement and co-operation, and declares that if the people of the city are content to sit still and allow things to go to the bad, he can stand as much of it as any one else. It is more than probable that the Richmond people have lost confidence in the self appointed leader.

THE names of forty-nine men who make their living from the earnings of immoral women in the city of Pittsburg, and also a list of the places where their collections are made, have been furnished to District Attorney Stewart, who is determined to make a vigorous crusade against these men. It is intimated that many of the persons thus accused are sons of families having considerable social prominence. Such men are the most detestable to be found in any community and a severe example should be made of them on all occasions.

CHARGES of fraud, misapplication of trust funds, and attempts to transfer assets to another concern are made in a suit for a receiver and an accounting, filed in Chicago yesterday against present and former officials of the Western Life Indemnity Company, an assessment insurance association. Developments in insurance matters recently have naturally aroused suspicion against most of the companies and it will take a long time to allay such suspicions.

IT IS reported that President Reyes of Colombia has declared himself dictator and imprisoned the members of the Supreme Court. This is not surprising; the wonder is that he had not done so before. Revolution is common in the South and Central American republics and Colombia, the newest of these and made with the connivance of the United States government, will probably keep up with the procession in the revolution line.

Upperville Colt Club.

From Washington.

[Correspondence of the Alexandria Gazette.]

Hearing before the Interstate Commerce Commission was resumed here this morning in the matter of alleged discriminative practices by the Southern, L. & N., and other railroads east and south of Louisville, Ky., and Cincinnati, O., on through grain shipments from St. Louis. It is alleged that by manipulation of the expense bills at Louisville, dealers there, through the existence of the reconsignment rates, are enabled to profit to the disadvantage of the lower river crossings.

Reports have been received in Washington of the arrest in British Columbia of Capt. Alexander McLean, who is wanted in San Francisco to answer to an indictment for alleged illegal seal killing and who has been chased over the Pacific for a year by the government officials. The State department is assisting the Department of Justice in getting McLean within its jurisdiction.

The per capita consumption of coffee in the United States, according to figures collected by the Department of Commerce and Labor, is 10.79 pounds a year. Holland is the only country that exceeds this amount, the per capita there being 1439. In tea drinking Great Britain leads with 6.03 pounds per capita, the United States showing but 1.30. "Roughly speaking," says the report of the Department on the subject, between two fifths and one half of the marketed coffee of the world is taken by the United States.

Hon. L. M. Shaw, Secretary of the Treasury, announces that he will speak in Cleveland September 28, in Virginia the first week in October and address the American Bankers' Association in this city October 11th.

Word has been received at the State Department this morning that Wm. S. Albers, the manager of the Point Limon Mining Co., whose headquarters are in Philadelphia, who was recently arrested in Nicaragua on the charge of offering resistance to the authorities and insulting the President of that county, has been convicted.

Chairman Shonts, of the Panama Canal Commission, together with all the members of the commission, who are not now on the isthmus, will sail on the Havana for Panama on the 28th instant. This is in accordance with the instructions of the President that a quarterly meeting of the commission must be held on the isthmus the first week in October. The commissioners will be accompanied by the board of consulting engineers, which will make a personal inspection of the canal route, proposed dam sites, etc., before making their final report. The members of the commission and the consulting engineers, if they so desire, can live aboard the Havana visiting each morning such points of the work as they desire, returning to the ship each evening.

The Coopers' International Union presented to the Executive Council of the A. F. L. today a complaint alleging violation of the decision relative to cooperage work in breweries and asked that a decision be rendered requiring a definite compliance on the part of the breweries with the decision already rendered. The executive council overruled the request on the ground that the A. F. L. convention at San Francisco last November determined the dispute and it cannot be reopened, under the law, within three years. A joint report was received on the controversy between the United Brotherhood of Carpenters and Joiners, and the Amalgamated Society of Carpenters of America. The existing agreement has been extended until January 1, 1905, in compliance with the award of A. Strasser, the arbitrator, which is confirmed. The dispute between the local unions of woodworkers and carpenters in Baltimore as to which was entitled to certain work, having been referred to arbitration by the Baltimore Federation of Labor, an award was made for the woodworkers. This action was confirmed by the council. Representatives of the International Seamen's Union and the International Longshoremen's Union appeared and presented arguments on the dispute now existing between those organizations.

Manufacturers of proprietary medicines are calling daily upon Commissioner of Internal Revenue Yerkes to complain of the new ruling imposing upon manufacturers and dealers in medicine of which a chief component is alcoholic spirits the liabilities of rectifiers and dealers in liquors under the federal laws. Mr. Yerkes has replied to all that he will stick by the ruling until it is declared illegal by the courts. The proprietary association, composed of manufacturers of patent medicines is preparing a brief for the commissioner, setting forth that the effect of the ruling will be to demoralize the whole trade after December 1st. One of the largest manufacturers in the country (Dr. S. B. Hartman, Peruna, Columbus, O.,) called on the commissioner this morning, and registered a bitter protest.

As a final blow, in the fight of the Postoffice Department against illegal medical practice in Philadelphia, a sweeping "fictitious" order was issued today, debarring dozens of individuals and several "companies" from the use of the mails. As a result of the crusade the department officials say they believe all such offices in Philadelphia are now closed and their advertisements excluded from the papers.

The transfer of the controlling interest in the stock of the Chesapeake Beach railroad from its present owner, David H. Moffat, of Denver, Col., to a New York party, will, it is expected, be consummated in the next few days.

The Navy Department has received a mail report from Rear-Admiral Colby M. Chester, United States navy, who commanded the U. S. Eclipse expedition recently sent to Spain and Africa to observe the total eclipse of the sun. Admiral Chester reports, in a few words, the successful observation by his party of the total eblipse on August 30. The details of the scientific results obtained by the expedition are left by Admiral Chester for a final report.

Bids for the construction of the administration building at the naval academy were opened today at the Navy Department, the Noel Company, of Baltimore, making the lowest, $59,000.

An abstract of the condition of all the national banks in the United States, numbering 5,757, just completed by the Comptroller of the Currency, shows a combined capital of $799,870,229; loans and discounts $3,998,509,152.62; individual deposits, $3,820,681,713.23; a percentage of legal reserves to deposits of 21.69, and a percentage to deposits of cash on hand, 27.33, and resources and liabilities of $7,472,350,878.64.

The convention of the State League of Republican Clubs opened at Easton, Pa., this morning. The attendance was smaller than anticipated.

News of the Day.

Some 15,000 Odd Fellows participated in the big parade at Philadelphia yesterday.

Justice Gaynor announces that he will not run for Mayor of New York against McClellan.

Recent alleged defalcations probably will result in a change in the government's purchasing and disbursing system.

A 2-months-old child of Michael Harburicur, of West Berwick, Pa., was smothered to death by its mother Monday night wrapping it too closely in a shawl while taking it to a physician.

Charged with the larceny of $1,800 from the Houston, Galveston and Interurban Railroad Company and with a total larceny of about $23,000 from various other corporations, Charles Augustus Seton and Harrison H. McElhiney, composing the firm of C. Augustus Seton & Co., dealers in stocks and bonds at 43 Wall street, were arrested in New York yesterday.

ELECTION EXPENSES.

Congressman Swanson and Judge Mann have filed statements in Richmond of the cost of their campaign for the Governorship. Mr. Swanson spent $9,840.86 and Judge Mann parted with $5,364.25. The only statements of interest now to come are those of Governor Montague and Lieutenant Governor Willard. It is not thought that either will exceed $10,000, although some think that Colonel Willard's expenses were larger. Mr. Swanson spent only $2,000 less than Senator Martin, the latter expending more for clerk and room hire. The Congressman itemizes his expenses as follows: Clerk hire, about $1,300; stationery, $162.30; printing, $1,727.95; postage, about $2,400; campaign buttons, $666.76; advertising, $508.85; rent of headquarters, $550; telephone, telegrams and expenses, $125; railroad fare, hotels and incidentals, $900; assessment, $1,500. Mr. Swanson seems to have traveled more than Senator Martin. The railroad and hotel expenses of the latter were $600. It is said that it cost Mr. Swanson $3,000 to disprove the Crandall Mackey charges.

Judge William Hodges Mann, of Nottoway, yesterday filed his statement of expenses in the recent primary. He totals his expenses at $5,364.25, giving the various items as follows:

Postage, $1,270; printing, $193.05; advertising, $14.75; expenses halls and meetings, $169; paid for cuts, $22; traveling expenses and hotels, $358; paid for express, $52.80; paid for freight, $1.99; paid for telegrams, $41.31; assessment, $1,500; stationery, $169.85; campaign buttons, $320; clerks, stenographers and secretary, $791.10.

COURT OF APPEALS.

In the Court of Appeals at Staunton yesterday the following cases were taken up:

Terry vs. McClung, from Circuit Court, Highland county, argued and submitted; Yaxley et als. vs. Yaxley's administrator et als. appeal refused; Osborne vs. Board of Supervisors of Clarke county, appeal refused; Lindsay & Co. vs. Board of Supervisors of Clarke county, appeal refused; Allstock vs. Moore Lime Company, Circuit Court of Boutetourt county, argued and submitted; Metropolitan Life Insurance Company vs. Annie T. Hill, Circuit Court of Alleghany county, argued and submitted. Next cases, Chesapeake and Ohio Railway Company vs. Beasley; Moon vs. Highland Development Company.

Marry Daughters of Father's Wife.

One of the most remarkable marriage tangles ever known was presented to the authorities in probate court at Toledo, O., recently when Edward and Fred Metzger, twins, made application to marry sisters.

This in itself was strange enough, but when the clerk was preparing the papers it was learned that an elder brother of the twins had married a sister of the two prospective brides of the twins. A look at the entry journal showed that in May 1904 Albert Metzger, a brother, had married Ida Miller, the third sister. While the people in the court were having a good laugh at this Edward spoke up and said:

"Let me tell you something that will set you thinking deeper. Our father is the husband of the girl's mother.

This is the story: Lewis C. Metzger married Mrs. Christina Miller. Metzger had, as stated, three sons, two of them twins. Mrs. Miller had three daughters. Now the daughters become the brides of the sons. In other words, Metzer is the father-in-law of his stepdaughters, and Mrs. Metzger is the mother-in-law of her stepsons.

And still the wonder does not cease. Mrs. Metzger was married four times. Her second marriage was to the brother of her present husband, but by that union she had no children. Here are some of the puzzles to work out:

If your two brothers married sisters of your wife what relation would your children be to your brothers' children, or what would they be if you and your brothers' father took for his second wife the mother of the girls who are are now the wives of the three sons? And still further, what would they be if the woman your father married was the mother of your wife and one of your brothers' wives was the widow of your uncle?

The boys have stopped figuring on the puzzle, saying that if they have children the relationships will be so mixed as to baffle deciphering. In spite of it all the complication is entirely legal, because there is no blood relationship between the contracting parties.

Averse to Exclusion Act.

Judge A. G. Dayton, of the United States Court at Wheeling, W. Va., gave the Chinese exclusion act a blow, which, he said, he would repeat until reversed, yesterday afternoon, when he ordered the release of Yee Kam and Yee Gee, who had been in this country for 25 years, coming as merchants.

The government had them arrested charged with being in the United States improperly and setting up the allegation that they were laborers.

Judge Dayton said; "The Chinese exclusion act was an act of political expediency. It favored the Pacific slope. I am sorry for but two things in my life, one is that I voted for the exclusion act, the other is I voted for the oleomargarine bill. I cannot see why an exclusion act operates against the Chinese and not against Italians, Slavs and the cheap labor of southern Europe."

Declared Himself Dictator?

Unconfirmed reports reached Panama yesterday to the effect that Gen. Raffael Reyes, President of Colombia, declared himself dictator on September 8, and imprisoned the members of the Supreme Court at Bogota.

Mobs, angered by this action, attacked the presidential palace, and were fired on by troops, who killed or wounded many of the rioters.

The reports say that revolutions have been started in Antioquia and Santander.

Diego Medoza, Colombian Minister to Washington, is at present in New York. When informed of the Panama dispatch last night he said:

"I do not believe there is a word of truth in the report. I received a cable dispatch from Bogota two days ago and it said that the country was in complete and absolute peace and that President Reyes was edgaged in the reconstruction of the Colombian finances. If anything of importance occurred I would surely have been informed of it. I am sure there is no disturbance in Colombia."

Today's Telegraphic News

The Murder of Miss Pfeiffer.

New York, Sept. 20.—A new and important witness in the case of the murder of Augusta Pfeiffer, whose body was found in a thicket on the Pelham Road last Saturday, is Oscar Steiniger, a stable boy, who saw the missing Joseph Gerard following women between 8 and 9 o'clock on the Wednesday night the Pfeiffer girl disappeared. He is now working with the police and has told them that on Wednesday night he was around Dillon's carpenter shop, and saw Gerard start to follow two women. He followed a little way, thinking Gerard might attack them, but Gerard seemed to think better of it, probably because there were two of them. He slouched back to the carpenter shop, and sat down again. The boy also said that he saw Gerard follow several other women. Police captain Burfiend and the coroner are now satisfied that the girl arrived at a spot about 150 yards from where the body was found at about 8.30 o'clock Wednesday night, this being proved by witnesses. They also agree that the man in his frenzy, killed the girl because she bit his fingers while he was overpowering her.

Silver Monument to Wife.

Chihauhau, Mex., Sept. 20.—What probably will be the costliest monument erected to the dead in recent times will be placed above the grave of Mrs. Margarita Alvarado, the wife of Pedro Alvarado, the peon mining king of Mexico. The monument will be of Italian marble and solid silver. Two tons of silver from Alvarado's famous Palmilla mine, in the Parrill district, will be used. A steel frame will be built around the grave to guard against the theft of silver from the monument. The output of Alvarado's Palmilla mine is now $100,000 a week. This is the heaviest production in the history of the property. Part of Alvarado's wealth is in the form of silver bars, and is stored in a steel cage in the mine. When he discovered the Palmilla vein Alvarado was working as a mine laborer for 75 cents a day. Now he is worth at least $30,000,000. He has offered several times to pay the national debt of Mexico.

Promised Both Beaux to Wed

Durham, N. C., Sept. 19.—Because Alice Crabtree could not decide which of two beaux she loved the better she promised each to wed and set the nuptial ceremony for both at the the same time. It was to be a runaway match. Alice declared that she was going to leave fate decide for her between her two lovers, for she could not, if her life depended upon it. "Whoever comes to claim me first," pretty Alice declared, "shall be my choice." William Hopkins, one of Alice's beaux, had secured his license from Register of Deeds Markham to marry Alice. When Alice's other beau applied to Register Markham for a license to marry Alice he learned that someone else had gotten ahead of him, and declared that "there are as good fish in the sea as ever were caught," and left. Alice would not tell who the other man was, though she declares that she believes that fate willed it just as it should be.

Killed in a Saloon.

Toledo, O., Sept. 20.—A man supposed to be Joseph Fisher, a plasterer, of Chicago, was shot and killed in Herbert's saloon, at Point Place, shortly after midnight by a companion whose identity is not known and who escaped. The murdered man lived only long enough to beg that Mary Bradley, 130 south Acton street, Chicago, be notified of his death. On his person was found a card issued to Joseph Fisher by Masons' and Hod Carriers' Union No. 4, of Chicago.

Injured in Railway Accident.

Salt Lake, Utah, Sept. 20.—More than a score of persons were injured, some seriously, in a wreck on the Central Pacific railroad near Harney, Nevada, last night. Two freight trains met head-on, causing a bad smash-up and blocking the tracks. The flagman was sent back to warn the second section of a westbound passenger train, which was closely following the freight. This train was stopped, but the third section of the passenger which was close behind, could not be warned in time, and crashed into the rear of the second section. The two rear cars were telescoped.

Rumored Explosion on Battleship.

Provincetown, Mass., Sept. 20.—A report is current here that there has been an explosion on the United States battleship Illinois and that three men were killed. It is also reported that there has been a suicide on another battleship. The Illinois is attached to the North Atlantic fleet which has been at target practice in Cape Cod bay between here and Sandwich.

Provincetown, Mass., Sept. 20.—No confirmation of the reported accident on the Battleship Illinois can be had here and no credence is given to the rumor. As far as can be learned, the report was circulated by some sailors who came ashore from the Yankton. These men said the torpedo boat Hopkins signalled the information to the Yankton yesterday afternoon. Officers of the Hopkins say that no signaling was done from their craft. The flagship Maine, at the Highlands, has not been notified of any accident on the Illinois, and the report circulated by the sailors is now regarded as a fake. The Alabama came in here this morning, and the officers told the reporters that they had heard of no explosion on the Illinois.

Divided Time with Husbands.

Butte, Mont., Sept. 20.—Two weeks ago the 20-year-old wife of George Melville, a miner, told her husband she was going out to attend the wedding of a friend. Monday it was discovered that she was the bride, and had married Harry Northey, a young man living less than half a mile from her home. Mrs. Melville told Northey that Melville was her uncle, and she did not want him to know of her marriage. After the wedding she went back and lived with Melville for a week, and then returned to her younger husband, and remained with him uutil Monday, when Melville succeeded in finding her. She denied him, and declared he was her uncle. Northey believed her, notwithstanding the records of the Court of Great Falls, which show that she married Melville in August, 1901. The girl four years ago was married to a man named Walbridge, who abused her, and was killed by her father, near Phillipsburg, Mont., for which crime the father, Carlisle Hunter, is serving a sentence in the State penitentiary. The young woman was arrested on a charge of bigamy.

Murderous Acts of Italian.

Niagara Falls, N. Y. Sept. 20.—As the result of an altercation between Joe Dolloy and an Italian named Celeri, at 11 o'clock last night, six persons were injured. Dolloy, who was carrying a shotgun loaded with buckshot, fired at Celeri and into the crowd which had gathered. The shot struck Celeri in the face and legs, and also wounded four others, among whom was Celeri's wife. After the shooting, the crowd quickly scattered and Dolloy went to his home. Officers Lalone and Ceifang called at the Dolloy home to place him under arrest, and, on knocking at the front door, were answered by a charge of buckshot from within. Both officers were struck by the buckshot, and beat a hasty retreat. In the meantime Dolloy made his escape through a trap door and is still at large. The most seriously wounded was Mrs. Celeri, who was struck in the left eye by two of the buckshot. The injuries of the others will not result seriously.

Philadelphia Politics.

Philadelphia, Sept. 20.—The city party convention held in the Academy of Music this morning served to draw forth a big crowd, but its actual work was of a routine character, although not lacking in enthusiasm. The ticket as slated last night by the reform leaders was nominated by a practically unanimous vote. This ticket was nominated:

For sheriff, Common Councilman Wilson H. Brown; for coroner, ex-Magistrate J. M. R. Jermon; County Commissioners, Rudolph Blankenberg and Edward A. Anderson. A platform endorsing Mayor Weaver's administration and calling for reform in all branches of the city and state government was adopted.

Fire followed the explosion, and damaged the laundry plant, and adjoining property to the extent of $25,000.

Must Pay Liquor License.

In response to inquiry made yesterday as to the effect of his ruling made September 12 regarding the sale of proprietary and patent medicines composed largely of distilled spirits or mixtures thereof, Mr. Yerkes, commissioner of internal revenue, said:

"In my judgment there is a possible misunderstanding regarding the matter. I simply ruled that manufacturers of compounds of the character named must pay to the government, under the federal statute, the special tax required of wholesale liquor dealers and rectifiers; in addition it requires the payment by the retail dealer who handles these goods of the special tax required of retail dealers amounting to $25 a year. The ruling was based on my construction of the statute in view of the character of some of these compounds. Further, this ruling, like all others made by the bureau, was subject to revision in the federal courts; that doubtless a case would be promptly taken into court where in the validity of this construction of the statute would be considered. Should such action be taken every aid would be given to secure a prompt hearing."

Mountain Lion Attacks a Horseman.

With a rifle W. R. McStay, of Alameda, Cal., dispatched an enraged mountain lion that had been shot twice and severely wounded by William Hortsman after the treacherous brute had sprung upon Hortsman from a tree. It toppled him from his saddle horse and lacerated his shoulders with its sharp claws. The encounter occurred a few days ago at Horstman's ranch on Table Mountain, near Boulder Creek.

Horstman was riding through brush and timber seeking cattle. As he passed under the tree on which the lion was crouched the beast pounced upon his back and knocked him from the saddle. Horstman carried a shotgun with him, and this he quickly brought into action, firing two charges of fine shot into the body of the lion. McStay's attention was attracted by the shooting, and going to the scene he found Horstman lying on the ground and the wounded lion in a tree a hundred feet away. He brought the beast down with two shots. The animal was a fine specimen, measuring eleven feet from nose to tail tip.

Fire Last Night.

About quarter past eleven last night fire was discovered in W. A. Smoot & Co's. office, northeast corner of Princess and Union streets. The fire was discovered by a private watchman and the captain of a canal boat which was lying at the dock. An alarm was sounded, but before the department could reach the scene, the flames had entered the stable adjoining the office on the north, and the fire had gained considerable headway. The firemen worked heroically, but nearly two hours elapsed before the flames were subdued.

Intense anxiety prevailed from the fact that a tank car containing gasoline was on the railroad track close to the burning stable, and it was realized that should this take fire the large frame buildings on the west side of the street used by the Alexandria Fertilizer and Chemical Company would be doomed. Fortunately a locomotive arrived from the Southern Railway depot and pulled the car south to a place of safety. Four box cars which were near the stable and afire were also pulled away. The northeastern heavens were illuminated by the fire, and a bank of light hung over that quarter of the city for some time.

The office in which the fire originated is of brick, and the flames were checked, not, however, until considerable damage had been done, but the adjoining buildings having been constructed of wood, the fire soon gained dangerous headway. In the structure fourteen horses were quartered, eight of which were burned to death, while a large number of bags, a quantity of nails and fertilizer, together with a miscellaneous assortment of goods, machinery, &c., were destroyed. The steam fire engine "William A. Smoot" was also in the building, and it met a similar fate.

A conservative estimate places the loss at $10,000. The fire is supposed to have been accidental. Mr. Smoot's property was insured, but some of the contents of the building, belonging to different parties, will prove a total loss.

During the progress of the fire Mr. George W. Pettey, jr., trod upon a nail which pierced his foot and he was taken to his home in a wagon.

A Reminiscence.

Over 34 years ago a fire occurred in the same neighborhood as that of last night. The Gazette on Friday, January 17, 1871, contained the following account: "A fire broke out a little before ten o'clock last night in the fish house of George W. Harrison at Fishtown, which, before it was subdued, consumed not only the building in which it originated, but the whole row of fish houses adjoining, including those of Messrs. R. H. Gemeny, I. Eichberg, James E. McGraw, James McLean, and the restaurants of James Coleman and Terrence Ryne. Owing to the combustible materials of the buildings and their contents (barrels and fishermen's outfits) the heat in the vicinity was intense and many other frame buildings in the near neighborhood and the half sunken schooner Union lying nearby were set on fire several times, but were saved by the well directed and strenuous exertions of the fire department. The sparks flew as thick as snow flakes and set fire to the 'Brown Shed' (now Zimmerman's coal yard). Mr. William Griffith, a pipeman of the Hydraulion steam engine company, fell insensible from escaping gas and remained in that condition for some time. Five men were arrested as suspected incendiaries, but were released, the evidence not being sufficient to hold them."

The Wilkes Street Track.

It is said by railway officials that eighteen months hence the railroad on Wilkes street will, to use their expression, be "cut out" entirely and, by the removal of the tracks as has heretofore been suggested, freight trains will be placed on Union street from the north. The present transfer service between Alexandria and Shepherds will be abolished. It is also said to be the determination of the Southern Railway Company to take up most of the tracks at the Duke street depot, leaving only enough to serve the purposes of the round house and repair shops, which are to be continued in Alexandria, as at present. Not only people living on Wilkes street, but those residing squares away will naturally read this item with interest, as considerable damage to property has in recent years resulted from the running of heavy locomotives and trains to and from the depot. When these changes shall have been made Wilkes street can be repaired and converted into a more satisfactory residential section, as the rumbling of trains, clouds of smoke and cinders and the vibration from trains night and day, conditions which depreciate property, will be no more.

Sudden Death.

Mr. James W. Smithers, who lived at No. 212 south Fayette street, died suddenly this morning in the gate-keepers' house at the northwest corner of Oronoco and Fayette streets. The deceased had recently been the gate-keeper at that intersection and went to his post as usual this morning. It is supposed that he was in the act of entering the house when death overtook him and that he had fallen blood being on the floor and his face bruised. One of the acquaintances of the deceased who passed the house later saw Mr. Smithers lying face downward, and, supposing he had a fit, he being subject to such attack, entered and turned him over. Finding him speechless and inanite Dr. Moore was summoned, and upon his arrival he found that Mr. Smithers had been dead for some time. The deceased was about 58 years old. He leaves a widow and one child, a son. Mr. Smithers had been engaged in railroad work for a long time. He was at one time employed by the Southern Railway Company, but during recent years had been a gate-keeper for the Washington-Southern Railway, at one time having been stationed at Duke and Fayette streets.

The West End Public School will open Monday, September 25.

The Internal Revenue Office.

Judge H. C. McDowell, of the United States Court at Lynchburg, does not favor locating the internal revenue offices for the Western district of Virginia in that city. Yesterday morning a committee from the board of trade and the City Council called on Judge McDowell and presented Lynchburg's claims. Judge McDowell expressed himself as being firmly opposed to the removal of the offices to Lynchburg, on the ground that it would subject the court and the officers of the court to discomfort and inconvenience. The committee argued that the court and its officers were subjected to more annoyance in Abingdon than in Lynchburg, as the building in Abingdon contained much less space than could be afforded by the Lynchburg building. Judge McDowell declined to co-operate with the Lynchburg committee and avowed his purpose to continue an active opponent to removing the offices from Alexandria to Lynchburg.

The Gazette has recently called attention to the fact that the federal building in Alexandria is one-third larger at present than when the internal revenue office was removed from Lynchburg to this city. About $75,000 has been spent in enlarging and modernizing the structure. The postoffice business is conducted upon the first floor, that of the internal revenue department on the second and the third is devoted entirely to the United States Court. There is, therefore, an abundance of room and to spare. There are many other reasons why the office should be kept in Alexandria which have from time to time been given in the Gazette and by committees of citizens who have appeared before the Commissioner of Internal Revenue. Now it is asserted by Judge McDowell that the public building in Lynchburg is too small to accommodate the internal revenue offices, while it is alleged by representative men that the building in Abingdon is more contracted than that of Lynchburg.

Mrs. Clara Leadbeater and daughter, Miss Lucy C. Leadbeater, have returned from Europe, where they spent the past five months.

Mr. R. Walton Moore, of Fairfax, was in the city today on legal busines.

Mr. and Mrs. J. Stanley Neale have returned from a visit to Lester Manor.

Miss Mary H. Harlow left Alexandria today for Mt. St. Agnes College, Md.

Governor Montague today appointed Mr. Luther Carter, living at No. 117 south Henry street, a Notary Public.

Mrs. Luther Carter and her son, Carlin, who are confined to their home, 117 south Henry street, by typhoid fever, are improving, but Lillian Carter is now suffering from the disease, making three cases in one family.

Large Real Estate Sales.

Mr. Grant Parish, of Washington, D. C., sold today the Jacob M. Troth property, situated as a part of the Woodlawn Mansion estate, Accotink district, Fairfax county, to Miss Elizabeth M. Sharpe. Mr. Parish has sold $64,000 worth of property in Fairfax county within the past three months. He sold to Miss Sharpe the historical colonial Woodlawn Mansion for $25,000 cash; also to the Hon. Thomas E. Watson, of Georgia, the "Gunston Hall" estate, comprising 615 acres, including the mansion, personalty, farm equipments and the acreage and personalty of "Bennevue" and "Glenwood" for $35,000 cash; today the Troth sale was for $4,000 cash. Mr. Parish is also about to close the sale of one of the finest estates in Fairfax county to a very wealthy Englishman. The price will go up into six figures.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Perry Hammond, colored, arrested by Officers Arrington and Henderson, charged with assaulting Robert Harris, was dismissed.

Bud Washington, colored, arrested by Officer Young charged with destroying property, was fined $2.50.

Three white men, arrested by Officers Knight, Arrington and Nicholson, charged with defacing property, were dismissed.

Kate Williams, charged with aiding a prisoner to escape, was fined $5.

Revenue Appointments.

Mr. J. Walker Bowen, of Tazewell county, has been appointed a clerk in the U. S. Internal Revenue office in this city to fill the vacancy caused by the resignation of Mr. J. Harry Acker, of Rockingham.

Mr. Louis F. Hansborough, of Warrenton, has been notified by Commissioner of Internal Revenue Yerkes that he has been appointed a special revenue agent.

The sloop Mills and the barge Lily of the West, loaded with lumber by Smoot & Co., for the lower river, have sailed.

County Supervisors.

A special meeting of the Board of Supervisors of Alexandria county was held at the county courthouse Monday night, at which the subject of granting the right of way to the W., A. and F. C. Railway was discussed, but definite action was not taken. One clause in the proposed arrangement which was insisted upon by the supervisors makes it obligatory that the Washington, Arlington and Fall Church railway shall land its passengers on the north side of the Potomac river. The report of County Treasurer W. C. Wibirt was submitted and some road building matters were disposed of. The use of a room in the court house for a school room was asked for and refused. The placing of 500 cubic yards of gravel on the street from the St. Elmo postoffice to the electric road station was agreed to. Repairs to the county stone-crusher were provided for. A warrant for $200 for Mr. A. D. Torreyson, in charge of road repairs, to pay for help, was made out, and the delinquent tax list submitted by Treasurer Wibirt was looked over and signed preparatory to advertising and collecting the taxes. Commissioner Graham came in for some criticism for leaving on the list for personal taxes the name of Peter Birch, deceased nearly two years ago, and a number of persons who had long ago moved out of the county. The board also provided for letting contracts for hauling stone, and Dr. Rust punched for cancellation about $20,000 of warrants submitted by Treasurer Wibirt.

Assault and Robbery.

Mr. Louis Walker, a traveling salesman for Mr. W. A. Barnett, of this city, was found in his room in the Hotel Hammill at Occoquan this morning suffering from a severe blow on the head. Two men broke in the Hotel Hammill early this morning and stole $171.26 and a silver watch and chain Mr. Walker heard a noise at the window and got up to learn the cause when some one struck him. Mr. Hammill went up this morning to call Mr. Walker and found him lying on the floor. Dr. Hornbaker was called to attend Mr. Walker. Nothing can be learned of the thieves. Mr. Hammill is very much worried over the affair, as it is the first time an assault or robbery has taken place in his house.

Sues for $5,000.

Miss Fannie Hill has brought suit in Washington against the Southern Railway Company for $5,000 damages for injuries received in an accident on June 7 between Marshall station, Virginia, and Washington.

LOCAL BREVITIES.

Mr. Chas. Bendheim, Clerk of the Courts, has not yet named his deputy.

The weather continues warm and oppressive, the mercury of 3 o'clock registering 83°.

The long boat Earl Biscoe, the tug Rosalie and the schooner Cora L. McKenney are at the shipyard for repairs.

The skies became overcast this evening and a light rain followed. This was preceded by several peals of thunder. Later the skies became clear again.

Andreas Loeffler, for many years a well-known business man of Washington, died suddenly at his home on Brightwood avenue, about 5 o'clock yesterday afternoon.

A marriage license was issued in Baltimore yesterday to William G. Bussler, of Waterloo, Va., and Lenwilla Winterode, of this city. A marriage license was issued in Washington yesterday to Carroll Payne and Ethel Taylor, of Albany, Fauquier county.

Mr. J. D. Knight has been awarded the contract for repairs to a building on the west side of Royal street between King and Cameron; to the building at the corner of Pitt and Queen and for putting in rug racks in the store of M. Ruben & Sons.

In a lot of fish caught in trap nets in the Potomac in the vicinity of Mathias Point wharf a day or two ago were a number of Potomac herring, which, being unsalable at this season of the year, were thrown back into the water again. The fish were apparently as fine specimens of the species as are found in the river in the spring.

Mr. C. E. Rice, foreman at the Mutual Ice Company's plant, found a dry land terrapin on Union street a day or two ago which he has since been exhibiting as a curiosity. The shell of the tortoise is embellished naturally with well-formed letters—Cs, Es and Gs, while at the extreme end the figure of a bird can be plainly seen.

The report that the White Sulphur Springs had been sold and that those famous springs have had their last season is denied by Mr. J. T. Burke, of this city, who is the trustee of the Dulany estate which owns the springs. He says, however, that the management would not be opposed to a sale of the property provided a sufficient sum was offered.

Why No Indemnity.

H. W. Dennison and other members of the Japanese peace party were in Denver yesterday. In speaking of the results of the peace mission Mr. Dennison, American adviser to the Japanese peace envoys, said: "We did not insist upon an indemnity for the simple reason that our position did not permit of insistence. If we had had a fleet in the Baltic sea or any army before St. Petersburg or at the gates of Moscow, we might have enjoyed the same advantage that the Germans possessed when they occupied Paris. They got a big indemnity from France merely as an inducement to go away. An indemnity, in international affairs, you know, is not so much payment for past losses as a guarantee that future losses will be prevented. But our fleets and armies were many thousands of miles from European Russia. We could, it is true, have renewed the war and captured Vladivostok, and got, perhaps, in a position to collect an indemnity; but it would have cost us as much as the indemnity was worth, not to speak of loss of men.

Trouble in a Church.

The affairs of Moffet Memorial Church, in Danville, are in a bad condition, owing to a split among the members, one influential faction desiring the resignation of the pastor, Rev. P. G. Elsom, and the other faction favoring his reteution. Mr. Elsom declines to respect the petition signed by many members of the congregation, in which his resignation was requested. He preached a sermon Sunday night, in which he gave his answer to the charges preferred against him. It is understood that the charges include extravagant living and failure to pay debts, neglect of his pastoral duties and failure of the church to prosper under his ministrations. Mr. Elsom declares that he could pay his debts if the church would pay him his salary. As to the other charges, he shifts the responsibility onto the officers of the church.

Incredible Brutality

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse, N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at E. S. Leadbeater and Sons, drug store.

THREE JURORS CURED

Of Cholera Morbus with One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Clebourne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one twenty-five cent bottle cured the three of us." Change of LIFE

Need Not Bring Suffering and Misery

This perfectly natural change in a woman's life is too often accompanied by painful, distressing symptoms due to female troubles and slight irregularities in her delicate organism.

The woman who passes this change without the development of tumors, cancers, or chronic invalidism enters a new field of happiness and usefulness in the domestic circle and in social activity. Her physical system should receive the necessary assistance at this critical period.

Lydia E. Pinkham's Vegetable Compound

is exactly suited to woman's needs at this time. It strengthens and cures all derangements of the female organism, it overcomes the hot flashes and dizzy fainting spells, and all other distressing symptoms.

I Was in Bed for Three Weeks

DEAR MRS. PINKHAM:—I suffered a great deal during Change of Life. I flowed steadily for eleven weeks, and it made me so weak I was in bed for three weeks.

I began taking Lydia E. Pinkham's Vegetable Compound, although it was against my doctor's will and I had to hide it. I took it regularly until I had taken five bottles, and it brought me out all right, a perfectly strong, well woman. Any one can tell how healthy I am by looking at my picture, and any one can write to me or my daughter about our wonderful cures.

MRS. F. M. MUSHRUSH, East Chicago, Ind.

The whole secret of safety at this time of life is thorough preparation before the change begins. Fortify the system with a course of Lydia E. Pinkham's Vegetable Compound. This wonderful medicine has carried thousands of women through this danger period.

No such helpful advice to women who are sick can be had anywhere as will be received free by addressing Mrs. Pinkham, Lynn, Mass.
